## Grain Bagger

# AKRON®

TAKE THE ADVANTAGE AT YOUR FIELD

**Easy Lift**  
PATENTED

- **Thick heavily reinforced horizontal auger.**
- **Heavy-duty frame** built with shaped tubes and stamped sheets.
- **High capacity reception hopper.**
- **Transmission** through a chain and heat-treated gears. Self-adjusting chain tensioner.
- User-friendly **mechanical height adjustment.**
- **Power Required:** 60 HP
- **Rubber Flap** that prevents grain spillage.
- **"EASY LIFT" Cradle System** that notably makes it easier to install the grain bag. It minimizes the required number of operators.
- **Hydraulic Brake.** Easy to adjust. Precise system.
- **Wheel configuration** that allows either to operate or transport the machine without any wheel position change.
- **Tires:** 7.50 X 16
- **Electrostatic polyurethane paint.**

## Great Capacity!!! 400 ton/hour

**Easy transport without the need to change wheel position.**

Tunnel for bags of	9 feet
Steady flow bagging performance	400 ton/hr - 14700 bu/hr
Power Required	60 HP
Tube/ Auger Diameter	410 mm / 16 9/64 in
Hopper Capacity	1850 L / 488 gals

**AKRON** may change specifications and product designs in this or other brochures at any time, without previous notice. Images for illustrative purposes only.

• Thick heavily reinforced auger.

• Hand winch, 500 kg capacity. Optional electric winch.

• Innovative system to install the grain bag.

• New totally reliable brake system.
